

Parent and Caregiver Support Groups in Massachusetts

During the outbreak of COVID-19, please reach out to your group facilitator first before attending, unless it's a virtual group. New updates from groups have been marked with yellow.

Joining other parents and caregivers of children with emotional, behavioral and mental health needs can be an amazing experience. People at support groups share stories, listen and help each other heal and grow. They also share tips, resources and information you can only find from someone who has been there.

The support groups listed here are, for the most part, facilitated by someone who has raised or is raising a child with emotional, behavioral or mental health needs. They "get it" and work hard to make sure group members find help. Still not sure? Find a group in your area and contact the group leader.

***The dates, times, and locations are subject to change. Please confirm the details with the Group Leader.*

This list was compiled by Parent/Professional Advocacy League (PPAL). For additions and changes, please contact us at info@ppal.net

The support groups included in this list are not necessarily affiliated with PPAL. PPAL is providing this information as a courtesy, and listing does not imply endorsement of the groups, the leaders, or their sponsoring organizations.
